Closing Comments

• Foster Care • High-Volume, Low-Cost Spay/Neuter

• Comprehensive Adoption Programs • Pet Retention

• Medical and Behavior Programs • Public Relations • Community Involvement • Feral Cat TNR

The Michigan No-Kill Formula

1. Michigan Animal Welfare advocates, shelters and rescues make it about the mission and nothing else.
2. Michigan Citizens hold shelters accountable for their tax dollars and charitable contributions and reject the status quo of sheltering
3. All Michigan shelters adopt and implement the programs of the No Kill Equation and 21st Century Sheltering practices
4. Michigan Shelter and Rescue Organizations begin a new era of collaboration.
5. Michigan Shelters begin to collaborate with each other to relieve overcrowding, share program expertise and resources.

The Michigan No-Kill Formula

5. Michigan Rescue Organizations start to collaborate with each other to share program expertise and resources and assist with hard to place animals
6. All Shelters and Rescues Organizations Spay/Neuter prior to adoption.
7. High-volume, Low Cost Spay/Neuter programs are established through-out the state for low-income residents.
8. Feral Cat TNR programs are established through-out the state.
9. Transport into the state from puppy-mill breeders/brokers, auction animals and organized transport from out of state shelters are discontinued until such time as all healthy and treatable homeless dogs and cats in Michigan are saved.
10. Michigan Pet and Supply stores stop selling puppies and feature only adoptable animals.

The Michigan No-Kill Formula

No Kill Equation = Proactive Redemptions • Compassionate Director • Volunteers

Michigan can become the
1st No-Kill State

It is up to us.

• Foster Care • High-Volume, Low-Cost Spay/Neuter

• Comprehensive Adoption Programs • Pet Retention

• Medical and Behavior Programs • Public Relations • Community Involvement • Feral Cat TNR
